DAY 3

02 02 2024

TODAY

On another day of the Model United Nations (MUN) conference in Zoetermeer, the activities commenced at 9:15 am. In the morning, there were lots of talks, ideas for decisions, and friendly discussions among the delegates. They talked passionately and worked together, showing how serious and positive their conversations were.

During the break, a delightful surprise awaited the delegates. Instead of Roti and Surinamese sandwiches, this time, there was a spread of delicious pizzas for everyone. The lunch break became a special moment, with the diverse flavors of pizza adding a unique touch to the MUN event. The shared enjoyment of these slices brought everyone closer, fostering a friendly atmosphere among the participants.

After a lunch that boosted their energy, the delegates went back to the meeting room for the afternoon. They kept talking, making friends, and fixing their decisions. Everyone worked together really hard, and you could feel how much they cared as they dealt with tricky diplomatic situations.

In a surprising turn of events, tensions escalated between the UK and Russia, leading to the declaration of war. However, in a uniquely diplomatic twist, both nations decided to resolve their differences through a friendly match of dodgeball. The idea of settling an international dispute on the dodgeball court brought a sense of lightheartedness to the situation.

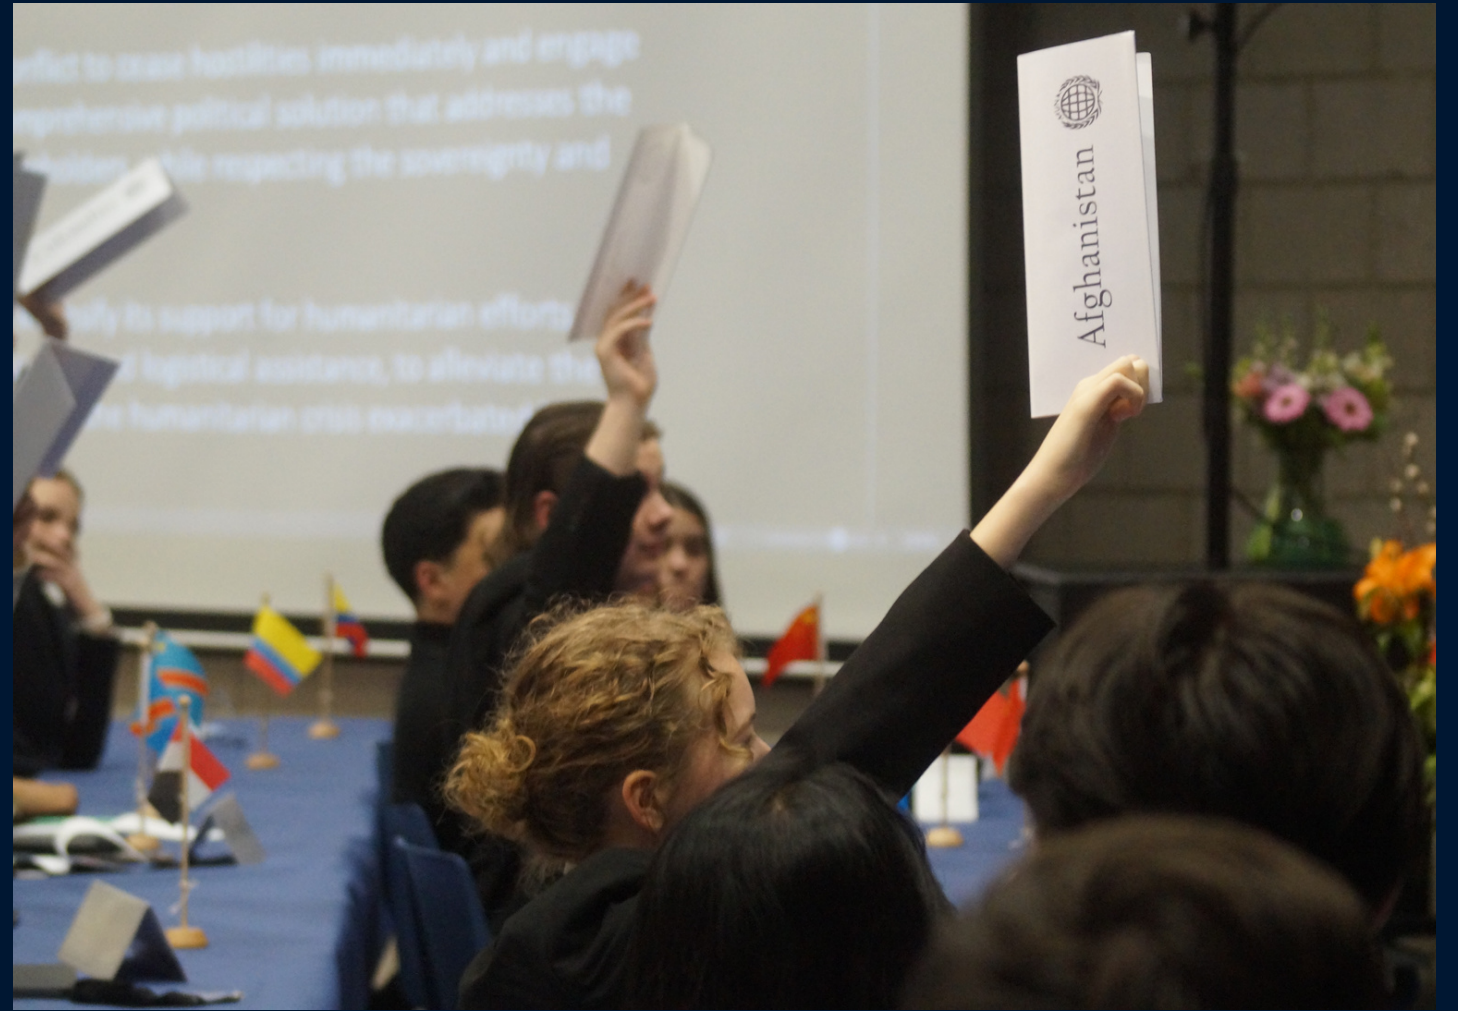

As representatives from the UK and Russia gathered in the dodgeball arena, the atmosphere shifted from one of conflict to friendly competition. The dodgeball match became a symbol of finding peaceful solutions and bridging gaps through unconventional means.

Amidst the throws, dodges, and laughter, the spirit of delegates replaced the initial tension. It showcased the power of diplomacy, demonstrating that even in the face of conflict, creative and collaborative solutions can prevail. The dodgeball match served as a reminder that, sometimes, resolutions can be found in unexpected and enjoyable ways, creating unity and understanding between nations.

PLENARY SESSION

CLOSING SPEECH

BY THE PGA

This past week we have gathered to hold MUNA for the 19th time. Whether you were a staff member, delegate, MUN director, admin, or simply a guest, everyone performed admirably in their role, and we thank you to all who took the time out of their busy schedules to be with us and thank you to all who made everything possible. We are all very happy that this year's conference was a success, because, like I already mentioned at the opening ceremony, we have never held a conference of this magnitude before. So, to every delegate, chair, staff member, MUN director, board member, admin, and guest; you have made MUNA history! Let's be proud of that shall we?

We have chosen Future Hope to be our charity this year because it fit extremely well with our theme 'the future is yours' - every young person, no matter their circumstance or background, must be allowed room to grow, room to develop into someone who can bring positive change to the world around them.

A charity plan was set in place - bringing in money through QR codes, GOFUNDME links, food stands, and games. Because of Yasmin's and the staff's efforts, we have been able to raise ... during this conference. And I think that this is something that we can definitely applaud!

To conclude, I sincerely hope everyone has had a good time. We are very grateful to everyone who made the conference possible, as well as our wonderful sponsors! Who have immensely helped with funding this event. Whether we have concluded the best MUNA in all of history, I cannot say with certainty because I have not been there for all 19 conferences. But I am certain that we are up there on the list. Please don't forget; the youth is our future; anyone can make a difference.
